

Report Cover Sheet
Sequence VIII Engine Evaluation of Engine Oils
Form 1

Version 20050927

Conducted For
BestLine International Research

V	V = Valid
	I = Invalid

NR	NR = Non Reference Oil Test
	RO = Reference Oil Test

Test Number			
Test Stand	Power Section	Number of Runs on Power Section Since Calibration Test	Total Runs on Power Section
1	66	1	106
Date Completed: 20060324		Completion Time: 09:55	
Oil Code: BL-5100			
Formulation / Stand Code: N/A			
Alternate Codes:	N/A	N/A	N/A

In my opinion this test has been conducted in a valid manner in accordance with the Sequence VIII Test Method D6709 and the appropriate amendments through the Information Letter System. The remarks included in this report describe anomalies associated with this test.
